ABOUT THE CHAMBER

Brixham Chamber of Commerce is an independent organisation which was founded in 1923 to help and assist local businesses. Over the years our connections and influence have widened to both regional and national level due to our membership of Devon and Plymouth Chamber of Commerce.

All income which is generated by the Chamber via membership fees or our local harbourside Arts and Craft market are ploughed directly back into projects that are formulated to help, support and promote our town. Whether this may be a grant for a local charity or help for a community group, you can be assured that the money goes to Brixham based projects.

If you choose to join Devon & Plymouth Chamber of Commerce, they are pleased to offer free membership of Brixham Chamber of Commerce which is included as part of your joining package, a great deal! [Correct as of 14/4/21]

- TOURISM TRADES

"By supporting the Chamber we are helping to boost Brixham. The tourism promotion, the markets, the funds invested in local organisations and festivals all help our town to thrive. Furthermore our membership has brought us new customers and helped me to build personal and professional connections with local business owners." Alex Foley, The Guardhouse Cafe.

"As a new and expanding business in Brixham, we have greatly appreciated the support and advice of the Chamber especially during the last year. As a small independent shop we are looking forward to the future with excitement as Brixham reopens with new shops and businesses and you can feel there is a real fizz in the air with lots of opportunities and ideas." Flotsam 50, Middle Street.
